Staff

After meeting with you and Insp Lucas this morning at NCRCC we were concerned about traffic enforcement in the downtown core and what issuing PONs might lead to. The majority of trucks are parked and stationary with many unattended.

Several officers were predominantly in the downtown core and surrounding areas today monitoring the convoy as part of our instructions.

There was little to no movement of the truck drivers driving their vehicles within the core. There was no enforcement carried out and no tickets were issued within the core of the protest.

Traffic officers did some enforcement in the outer perimeter where 3 drivers were charged.

QED status at the moment is 8 vehicles are parked and one camper all unattended. Bylaw advised

Traffic officers will continue with proactive enforcement however the bulk of the trucks are stationary and unattended.
